

NEWS RELEASE - 1<sup>st</sup> November 2022

## Dr Xavier is Guest Speaker at Nurses' Regional Meeting

**Dr Xavier was the special guest speaker at the south coast regional meeting for the British Association of Cosmetic Nurses (BACN) on 1<sup>st</sup> November in Bournemouth.**

Speaking about treating the under-eye area (tear trough), Dr Xavier shared his years of experience in treating this delicate area as well as highlighting Galderma's new dermal filler called Eylight™ designed specifically to treat the undereye.

The BACN holds a series of these meetings around the UK to help with education and professional development of nurses in the field of cosmetic medicine.

The BACN is the largest Professional Association for nurses carrying out cosmetic treatments in the UK. It operates under a strict Code of Conduct in order to ensure patient safety across all treatments undertaken by its members.

The BACN is a not-for-profit organisation and has a dual role (1) to provide services and support to all of its Members and (2) to promote and support patient safety in the area of Non-Surgical Aesthetic Treatments.

Dr Xavier said: "I greatly admire the work of the BACN and what it stands for. The regional meetings are a great forum to promote education and professional standards and I was honoured to be invited to speak at the south coast regional meeting."
