Dr Xavier takes the stage again at ACE London!

Dr Xavier was invited to speak again at the ACE Aesthetic Conference in London, one of the most prestigious global conferences in dermatology and medical aesthetics.

ACE brings together leading experts, researchers, and industry professionals to explore the latest breakthroughs in aesthetic medicine, anti-aging, and regenerative treatments.

Dr Xavier's invitation to speak came from 2 pharmaceutical companies – Galderma and DermaFocus. Dr Xavier is an appointed trainer and education faculty member for both companies, and he regularly trains medics in their trusted medical treatments.

Dr Xavier spoke about Sculptra™ (collagen stimulator) and dermal fillers for Galderma and for DermaFocus he spoke about XCell™, a new sublingual skin / hair supplement spray, designed to support immune health, skin, hair at a DNA level.

Dr. Xavier expressed immense gratitude and excitement upon being invited to speak once again at the prestigious ACE Aesthetics conference in London.

Dr. Xavier stated, *'It's truly an honour to return to such a pivotal event within the aesthetics community,'*

'The ACE conference consistently showcases cutting-edge advancements and fosters invaluable knowledge sharing, and I'm thrilled to contribute to its continued success.'
